SKILLS

- Languages:** JavaScript, C, C++
- Technologies:** HTML, CSS
- Databases/Tools:** MySQL, MongoDB
- Soft Skills:** Problem solving, Team collaboration, Time management, Adaptability

PROJECTS

Tikki Topple Game | [Vercel](#)

April 2026

- Developed an interactive web-based version of the **Tiki Topple board game** as part of a team hackathon project.
- Implemented core **game logic, player turns, token movement, and game-state management** to create an interactive gameplay experience.
- Designed a responsive and user-friendly interface using **HTML, CSS, and JavaScript**.
- Collaborated with team members during the hackathon to plan, develop, test, and refine the game within the given timeframe.
- Presented the completed project as a practical web-based solution, demonstrating **problem solving, teamwork, creativity, and rapid development skills**.
- Tech Stack:** HTML, CSS, JavaScript

Smart Inhaler Usage Logger

May 2026

- Developed a smart inhaler usage monitoring system using **Arduino Uno** to record and monitor inhaler usage events.
- Integrated an **RTC module** to maintain accurate time records of inhaler usage for effective tracking.
- Implemented a **push-button mechanism** to detect and register inhaler usage events.
- Integrated an **LCD display and buzzer** to provide real-time visual and audio feedback to the user.
- Combined hardware components and programming logic to create a functional prototype focused on **usage tracking and timely user alerts**.
- Tech Stack:** Arduino Uno, Embedded C, RTC Module, Push Button, LCD, Buzzer, MQ135 Sensor

CERTIFICATES

- | | |
|---|------------|
| Deloitte- Technology/ Profess linkedin | July 2026 |
| Oracel – Oracle Cloud / AI Certification linkedin | Aug 2026 |
| TCS iON – Career Edge: Young Professional linkedin | Jun 2026 |
| Cyber Security – Infosys Springboard linkedin | Feb 2026 |
| Leadership Fundamentals – Professional Development Certificate linkedin | Oct 2025 |
| Board2Code Hackathon Certificate linkedin | April 2026 |

ACHIEVEMENTS

- Successfully completed **SPR101 Python Programming Training** at Lovely Professional University with the required programming practice and assessment activities.
- Completed the **Infosys Springboard Python Programming Certificate**, strengthening practical Python programming and problem-solving skills.
- Successfully developed and presented **Tiki Topple — Web-Based Board Game** as a hackathon project, demonstrating teamwork, problem solving, and rapid development skills.
- Completed a **Community Development Project** focused on introducing school students to digital literacy and basic Python programming.
- Solved **200+ programming and database problems** covering **Python and DBMS** on CodeTantra.
- Solved **200+ programming problems in C** on I Am Neo, strengthening programming logic and problem-solving skills.
- Participated in the hackathon conducted by **NetPractice Campus** in collaboration with **Lovely Professional University**.
- Participated in technical learning activities and workshops focused on **Artificial Intelligence, Generative AI, Programming, and Software Development**.

EDUCATION

- | | |
|--|---------------------|
| Lovely Professional University | Phagwara, Punjab |
| Bachelor of Technology -Computer Science and Engineering(AI & ML); CGPA: 6.33 | Aug 2025 - Present |
| Laxmi Narain Dubey College | Motihari, Bihar |
| Higher Secondary Education; Percentage: 75.8% | May 2021 - Mar 2023 |
| Modern Public School | Motihari, Bihar |
| Secondary Education; Percentage: 70.2% | Jun 2020 - Mar 2021 |
